

Spring 2022

GROUNDS WATCH

Issue 8

TRIM TRAIL

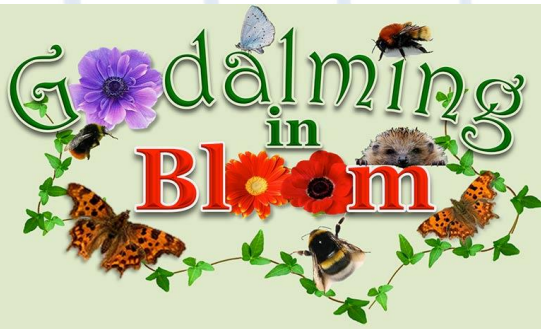

After months of delays our Trim Trail has finally been completed!

The excitement was palpable on Thursday 3rd March when the whole school came out to see Mrs Pedder cut the ribbon and declare the trail officially open!

We are looking forward to seeing the children enjoy this play equipment for many years to come.

We will once again be taking part in Go Godalming's **Godalming in Bloom**.

Godalming in Bloom is a fun and friendly gardening competition, open to anyone and everyone who gardens in Binscombe, Busbridge, Farncombe and Godalming.

Run by horticulturalists working as volunteers they hope to encourage everyone to garden and take care of the beautiful area in which we are so lucky to live in.

This year's theme is the Jubilee and our Wednesday Gardening Club have already begun preparations. Here's a sneak peek...

You can find out more about Godalming in Bloom here:

<http://gogodalming.org.uk/index.php?page=godalming-in-bloom>

During the morning of Saturday 23rd April, we will be undertaking work on the school grounds and are looking for adult volunteers to come along and give our caretaker Mr Yordanov a hand.

If you are free between 9am – 12 please do come along. There will be plenty of refreshments for the workers and of course this will all help to make our school look the best it can for Godalming in Bloom!

Community Engagement

Students from Guildford High school continue to help us at our Tuesday Gardening Club as part of their General Studies course and we have been pleased to also welcome pupils from Guildford's Royal Grammar school.

With their help work is coming along nicely in the area opposite the year 1 classrooms which we are turning in to a quiet space and sensory zone for the children to access during break times.

Mr Yordanov with the help of Mrs Burke has also built a fabulous willow tunnel!

SCIENTIFIC PHOTO COMPETITION

During the Easter holidays, we would like you to get busy with your camera for the Loseley Fields Scientific Photo Competition.

The task is simple: capture something scientific, up close, in one photo.

Send your photo along with a brief description of the science shown plus the child's name and class to: Year4Teachers@loseleyfields.surrey.sch.uk

The deadline for entries is Friday 22nd April 2022.
Winners will be announced the following week.
