

End of KS2 Performance Data

Please find below the results of the KS2 Statutory Assessment Tests (SATs) for 2018-2022. Please note that there is no statutory data for 2020 and 2021 as COVID prevented testing in these years. **Writing judgements are not determined by a test but through teacher assessments. Solar Centre pupils did not take the tests and we have therefore calculated the overall percentages minus these pupils.**
