

## Loseley Fields Primary School Provision Map 2023-2024

All staff working with children at Loseley Fields Primary School will follow the **Graduated Response**:

Provision in school is organised into three waves of intervention:

**Universal – Wave 1** All children have access to inclusive high-quality teaching at Loseley Fields.

**Targeted – Wave 2** Some children will need additional programmes and/or planned support, designed to accelerate learning. This may include additional, time-limited, tailored intervention support programmes.

**Specialist – Wave 3** Additional highly personalised interventions which may include one to one or specialist interventions.
