

Little Lions Weekly News Stories

This week has been very wet and windy, but we've still managed to have a great time. We have been playing with lots of puzzles, building rockets with Lego, making very large marble runs and building dens outside with blocks.

Layla has been very busy at home, she has made a paper mache planet she painted it blue for water and green for land and also added a little red for volcanos!

She has also written a letter to her new teacher in year 1 😊
